Spot it, got it!

Performing 25 to 40 quick cleans day in and day out is time-consuming – what you need is easy. We'll give you easy!

Say hi to the VU200, our cordless stick vacuum that lets you clean comfortably and quickly without interrupting your workflow. This tool does not mess around; it goes straight to business. Spot it, got it!

Suitable for both hard floors and soft floors to streamline your cleaning process

The prefilter for rough dust and the anti-allergy HEPA 14 filter retains 99.99% of airborne particles, ensuring a healthier and safer working environment

The ergonomic handle avoids injuries and strain, while the compact size and the slim accessories enable you to clean even hard-to-reach areas comfortably

No plug or cord to trip over, this cordless stick vacuum runs on a Lithium battery – a battery- and charger kit makes it easy to swap and recharge

Straight-up cleaning efficiency

The VU200 is easy to use. Easy to grab, easy to empty, and easy to interact with. Colored touchpoints allow an intuitive understanding of what to interact with, and when the container is full, you simply open the lid and empty it. No bags are needed.

A quick stick
Stick to quick

Unfolding a cord every time you spot a mess is way too time-consuming. To smoothen your workflow, you don't need a plug; stick to quick instead! For extended uptime, the VU200 runs on an easily swappable and quickly rechargeable Lithium battery.
