M SCIENCE

We Made Disinfection Simple.

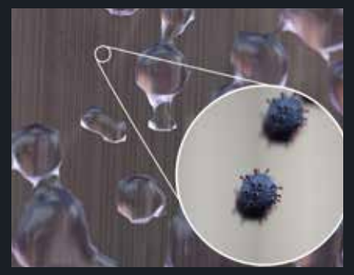
There are 2 important factors for effective disinfection.

1. A Perfect Liquid Layer of disinfectant must be created, with no gaps between the disinfectant droplets. See gaps, think risk!
2. The surface must stay wet for the contact time stated for your chosen chemical.

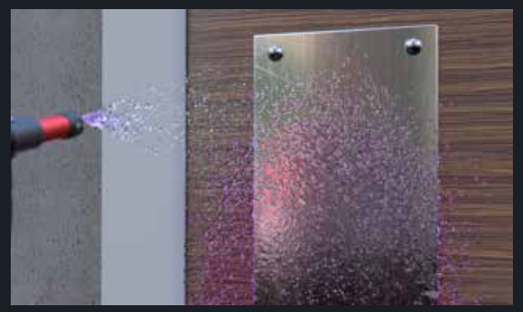
   (Check your MSDS Sheet)

GAPS = RISK

Gaps mean the surface is not fully covered with disinfectant, leaving the surface at risk of inhabiting viruses between the droplets and spreading infection.

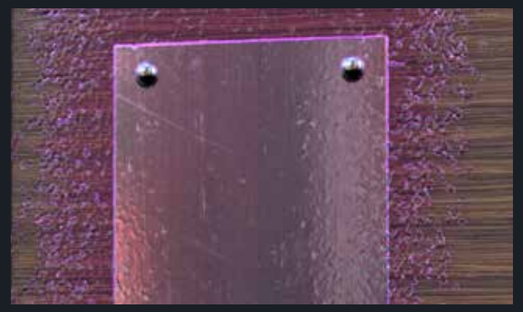


Method For Flat Touch Point Disinfection.



Spray

Use STORM® 30cm(12in) away from the surface and spray from bottom to top, in a slow controlled motion.



Inspect

When the disinfectant is applied correctly, STORM® will achieve a Perfect Liquid Layer on flat surfaces. No wiping needed.

See gaps?

Move closer to the surface and spray again in a slow, controlled motion with STORM®.

Method For 3D Touch Point Disinfection.

Spray

Use STORM® 30cm(12in) away from the surface and spray from bottom to top, in a slow controlled motion.

Wipe

Dispense an M-Wipe from the on-board pouch and spray the wipe with STORM®. Now wipe the reverse side of the 3D touch point to apply disinfectant.

Never Use Paper Towels

Paper towels remove disinfectant from the surface, so the contact time is not achieved, rendering the whole process ineffective.

"Studies suggest that Coronaviruses (including preliminary information on the COVID-19 virus) may persist on surfaces for a few hours or up to several days. This may vary under different conditions (e.g. type of surface, temperature or humidity of the environment)"

- WHO (World Health Organization)
https://www.who.int/

Did You Know?

A lot of the equipment on the market are general sprayers, designed for many applications and are not specifically designed for virus disinfection.

The reverse side of door handles are high risk areas, due to general sprayers failing to give coverage on the reverse side.

ST•RM®

GUARANTEED
ALL DAY COMFORT

Ergonomically Designed.

MotorScrubber battery backpack technology, guarantees all day comfort with padded back support and adjustable waist belt. No trailing cables mean the user is fully mobile, enabling the freedom to safely disinfect anywhere, for an effective disinfection experience.

BACKPACK FEATURES

- **3-4hr Usage** (1hr 50m Continuous)
- **On-board Solution** (Quick Reload)
- **Lightweight & Fully Adjustable** (Fits Any User)
- **Multifunctional** (Connect backpack to STORM® and JET3)

Solution Capacity - 1 Litre (0.25gl)
Flow - 77ml/min (2.7oz/min)
Charge Time - 4-8hrs
Weight - Full 5.3kg (11.6lb) / Empty 4.5kg (9.9lb)

LIGHTWEIGHT

Backpack secured to the waist maintaining perfect posture.

DESIGNED TO HELP FIGHT
Coronavirus
COVID-19

Kill Viruses On The Go.

STORM® delivers targeted, touch point disinfection, for proactive virus control.
(STORM® can be used with any disinfectant)

STORM® FEATURES

- **Spray On Demand**
- **Ballistic, High Speed Swirl Nozzle** (68 Micron)
- **Super Lightweight** (0.3kg/0.66lb)
- **Soft Rubber Grip**

Liquid Layer Coverage - 75 M2,/Litre (807ft2/0.25gl)
Optimum Spray Distance - 30cm (12")

FATIGUE FREE USE

At just 0.3kg (0.66lb) the STORM® Wand is lightweight, designed for prolonged use and ensures the wrist is straight at all times.

M WIPES

PATENT PENDING

Wipe Out The Risk.

The patent pending, M-Wipe System allows disinfectant to be applied to the reverse side of 3D touch points, which are often missed by other spraying machines. M-Wipes are a special non-absorbent, PP material, designed to apply disinfectant and not dry the surface, ensuring the specified contact/dwell time is achieved.

Fitting to the existing backpack system, the dispenser and disposal pouches allow for rapid wipe release and convenient wipe disposal.

M-WIPES FEATURES

- **On-board System** (Attaches To Existing Backpack)
- **Heavy Duty & Durable Pouches**
- **Quick Wipe Reload**
- **Single Hand Dispensing**

1

WIPE DISPENSER POUCH

Dispense wipes with ease using our unique split funnel system. Holds one roll of 100 non-absorbent wipes.

2

WIPE DISPOSAL POUCH

Convenient wipe disposal. Pouch includes holster to store STORM® on the go.

M-Wipes Kit (MSS31)

$128.89

Includes one box of M-Wipes, one wipe dispenser and one wipe disposal pouch.

Individual Item Price

M-Wipes 1 box = 6 rolls of 100 wipes - MSS30 - **$61.99**
Wipe Dispenser Pouch - MSJ62 - **$32.95**
Wipe Disposal Pouch - MSJ61 - **$33.95**

How To Use STORM® & M-Wipes

- Firstly spray the front of the 3D touch point with STORM®.
- Dispense one M-Wipe, then spray the wipe with disinfectant using STORM®.
- Wipe the reverse side of the 3D touch point ensuring full coverage.

This method vastly reduces the risk of cross infection.

One Backpack.
Two Powerful Machines.

Military grade connectors make switching between STORM® and JET3 effortless.
Simply click and go.

STORM® With Backpack (MSSTORMCOMP)
$699.00

STORM® Wand Only (MSSTORM)
$199.00

Choose wand only option if you already own a MotorScrubber JET/JET3 backpack.

JET3 Machine Only (MSJET3NOBACKPACK)
$710.00

Battery Only (12VA)
$49.00

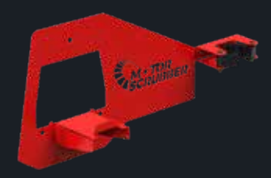
Spare batteries are available to increase machine runtime.

BACKPACK SPECIFICATION

1. High Pressure Pump
2. Quick Change Solution Bottle
3. Battery Compartment
4. Coiled Cables For Manoeuvrability
5. Adjustable Belt (Fits any user)

STORM® SPECIFICATION

6. **Military Grade Connector**
   Connects STORM®/JET3 to the battery.
7. **Anti Drip Check Valve**
   Connects STORM®/JET3 to the disinfectant.
8. Soft Rubber Grip
9. On Demand Button



WALL DOCK

Wall Dock mounts STORM®, JET3 and BLADE to the wall for easy storage.
$44.00

Need more capacity?

Take the weight off your back with the foldable bottle carrier. Featuring 8 slots for carrying 1 litre (0.25gl) refill bottles or rolls of M-Wipes.

Bottle Carrier Only **$45.43**
Carrier with 6 Bottles **$69.95**

BLADE

BLADE is the ultimate mopping system. The 2 in 1 ultra-microfibre system delivers powerful cleaning performance.
$95.27

MotorScrubber DMT System

The ultimate deep cleaning and virus control system Includes STORM®, JET3 and BLADE.
