Wrist Snuggler: Nylon Tafta, Debris Blocker

Thread: Kevlar

Hanger Loops & Pull: Hidden cord carabineer loop.

Pull: Ribbed Rubber Donning Pull.

Sizes: S, M, L, XL, XXL

Design & Construction:

Pre-curved, form fitting glove body has wrist snuggler and is made of an “air-textured,” high-tenacity Cordura nylon. Kevlar reinforced palm & finger reinforcements are at all the high wear stress points. Hipora waterproof barrier and soft breathable Bemberg Lining. Glove offers 270° of shirred elastic circumferentially at wrist crease and elastic snuggler to repel debris. Ribbed Rubber donning pull at underside of wrist closure.
