**THE ABRASIVE  
BLASTING CLASSIC**

# NOVA 2000®

## THE ABRASIVE BLASTING CLASSIC

In 1994, RPB made history with our revolutionary abrasive blasting respirator, the Nova 2000. Designed by blasters for blasters, the Nova 2000 embodies ingenuity and practicality at its core, enabling you to get more out of your day.

The Nova 2000 incorporates a multi-layered sound deadening padding system, ensuring the respirator sits comfortably on your head and turns with you. Utilizing the tear-off lens system, the Nova 2000 ensures you always maintain a clear field of view, helping to advance your safety and increase your productivity.

All parts are field replaceable to minimize downtime and the padding is machine washable for hygiene purposes. The Nova 2000 is a pioneering piece of history that continues to advance safety and increase productivity.

The Nova 2000 is certified to the standards below:

### BOOST PRODUCTIVITY

Operators have reported a time saving of over 45 minutes per day per blaster by using our tear-off lenses.

With individually pre-folded tabs, this system guarantees only one lens will be removed at a time.

1-866-494-4599 | [gvs-rpb.com](http://gvs-rpb.com)

ISO9001  
CERTIFIED COMPANY

Hand strap for easy transportation and storage.

Streamlined air distribution system supports air movement across your breathe zone and over the lens preventing fogging.

Multi-layered sound deadening foam for hearing protection.

Manufactured from robust U.V. stabilized and abrasive resistant material.

Robust latch that is easy to locate and use.

Widened perspective provides optimal downward and peripheral field of view.

Choose from four cape options: Leather cape, nylon cape, extra length nylon cape or blast jacket.

Cape is securely attached with eight snap fasteners.

From local and globally sourced components.

Protecting you for life's best moments.

ADVANCED IN-HELMET  
COMMUNICATION SYSTEM

# NOVA 2000® TALK™

## ADVANCED IN-HELMET COMMUNICATION SYSTEM

The Nova talk is a wireless radio communication system, that allows you to communicate effortlessly and safely with your fellow blasters, pot tenders and team members. With simple push to talk, noise-canceling microphone, the Nova talk is ideal for working in loud remote locations, like tanks, shipyards, or any other areas that are difficult to access.
