

PRODUCT SPECIFICATION

Cook's Flatbed Delivery Cart

features

Cook's Flatbed Delivery Cart allows you to easily transport stacks of insulated trays or other materials. The cart features a raised lip around the perimeter of the bed to prevent trays or boxes from sliding off in transit. With a reinforced frame, shelf and handle, this cart is engineered to provide years of trouble-free service.

Cook's Brand

Products designed for the toughest environments

STANDARD FEATURES

RUGGED CONSTRUCTION: This cart is constructed out of heavy-duty aluminum and is rust and corrosion resistant. Additionally this cart has tubing to safely support heavy loads and the permanently mounted handle is reinforced with gussets to ensure the handle will not twist or bend. This cart also has 8" polyurethane casters 900 lb capacity per caster.

EXTRA PROTECTION: The flatbed cart has corner bumpers to protect the corners and minimize damage to walls and door frames.

CONVENIENT DESIGN: This cart is 30" wide and is designed to fit through most doorways. The cart also has a raised 1" safety lip around three sides of cart for easy transport of trays without the risk of trays sliding off. Additionally this cart has a 2000 lb weight capacity and holds up to 8 stacks of trays at your desired height.

WARRANTY: Backed up by a 90 day warranty against manufacturing defects.
