PHOENIX 2830 | PRODUCT FEATURES

The Phoenix 2830 is a compact brush scrubber with a 28”cleaning path and features a cylindrical brush deck with an integrated sweeping function. The cylindrical deck is made of corrosion-resistant aluminum casting. The quick change brush system allows for the brushes to be changed with ease, no tools necessary. Easy-to-understand controls ensure that the machine is simple to operate. The Phoenix 2830 features 30 gallon solution and recovery tanks. The recovery tank is easy-to-clean and hygienic while the Anti-Foam System (AFS) protects the vacuum motor from damage. An on-board charger is convenient and allows the machine to be charged anywhere. As an added safety feature, when the on-board charger is plugged in, the machine is not operable. The Phoenix 2830 covers 37,673 sq. ft. per hour. This powerful scrubber is easy to use allowing the operator to focus on producing professional cleaning results quickly. Daily maintenance is very simple using the oversized drain hoses and tank openings for quick clean out. Contact us today for your free site survey and product demonstration.

FEATURES	BENEFITS
Cylindrical Brush Scrub Head	Cylindrical system provides sweeping and scrubbing capabilities.
Heavy Duty Scrub Deck & Squeegee	One piece, corrosion resistant scrub head and squeegee assembly. Provides a rust free long life.
Large Capacity	30 Gallon Solution/Recovery provides long run times, less dumping and filling.
Productivity	37,673 ft²/hr, allows for large areas to be cleaned quickly.
Ergonomic Design with User Friendly Controls	Reduces operator fatigue, with excellent line of site & comfort zone hand bails. Provides maximum maneuverability & operator safety.
User Friendly Controls	Simple, easy to understand icons & selector switch plus one touch directional lever.
Durable Construction	Powder coated, epoxy painted, 11 gauge steel frame resists corrosion. Durable heavy-duty rotationally molded polyethylene tanks & bumper.
Tool-Free	No Tools required for quick squeegee blade change.
Safety Features	Bright Orange Color
LED Display	Battery Gauge as well as service indicator lights thus preventing unnecessary down time.

PHOENIX 2830 TECHNICAL DATA	
Scrubbing Style	Cylindrical
Scrub Path	28”
Sweep Capable	Cylindrical Wet Sweep
Power Source	24 volts
Brush Motor Power	1.2 hp
Brush RPM	850 RPM
Brush Pressure	2 Settings
Solution Capacity	30 gallon
Recovery Capacity	30 gallon
Scrub Brushes	28” Cylindrical (2)
Theoretical Productivity	37,673 ft²/hr
