

### Innovation Means A More Durable Heater

Diesel indirect Fired Portable Heaters featuring embedded burner with combustion air obtained from the main ventilation fan. The Firestorm 400 heater features a heat exchanger that contains the flame and expels fumes throughout a chimney connected to the outside. Indirect fired heaters can be operated indoors and can also be ducted.

**Four Pass Heat Exchanger Technology:** The new four pass heat exchanger technology allows exhaust gases to increase heat exchange with the cooling air and obtain maximum thermal efficiency. Our heaters are the most efficient in the industry.

### FEATURES:

- ›CSA Approved
- ›Low Noise Level
- ›Clean Combustion with 99.9% Efficiency
- ›Ideal Applications: Agriculture, Construction, Pest Control, and Water Damage Restoration

Jet Fuel  
Kerosene  
Diesel #1

# Diesel Indirect Fired Portable Heaters

## SPECIFICATIONS

Heat Input (BTU/h)	293,982
Heat Output (BTU/h)	300,000
Fuel Consumption (gal/h)	2.97 gal/h
Heated Airflow (cfm)	3,250
Temp Rise (@68 F)	131.40
Power Supply (v, hz)	120V, 60hz
Fan Motor Power (hp, rpm)	1700 rpm
Current Rating (amps)	13
Max Duct Length 1-Way	100 ft
Max Duct Length 2-Way	60 ft
Flue Size (in)	6"
Tank Capacity (gal)	57 gal
Run Time (hours)	29
Weight (lbs.)	449 lbs
Machine Dimensions (in.)	85" x 53" x 30.7"
Shipping Dimensions (in.)	74.1" x 47.24" x 26"

Since 2006, Veloci Performance Products has been a trusted name for high pressure cleaning equipment and both infrared and forced-air heaters to move work forward. Based in Burnsville, Minnesota, we know all about the cold. Our portable heater lineup will keep you and your team warm while working in cold environments.

Veloci's lineup of indirect and radiant forced-air heaters and accessories delivers the heat you need to drive the results you demand. Rely on Veloci for the safest, most effective solutions. Veloci has dealers positioned throughout the world who can recommend the best products to meet your specific needs.
