INGREDIENTS

PRESENTATION

8.5 lb pail M-18585

SKIN TYPE

Cellulitic areas of the hips, thighs and buttocks. Detoxifying to enhance microcirculation and improve tone and firmness

PURPOSE

Meaning "salt mud," this mud is comprised of materials from across the globe. Sea salt from Okinawa, rich in potassium salts rather than sodium chloride, is not as drying as regular sea salt. Humic acid from fresh Baltic water lakes and arctic peat extract along with a medley of Japanese mushroom extracts uniquely condition the skin and confer the benefits of the last few ice ages. Arctic cloudberry seed oil with its essential fatty acids provides emolliency.

BENEFITS

Increases cell turnover, increases hydration, increases skin's firmness

Derived from olives; an emollient that moisturizes and softens, high in fatty acids and antioxidants

Significant antioxidant booster, anti-microbial, fungicidal

Organic mixture containing multitude of bio-minerals, humic and fulvic acids, amino acids and plant hormones in a simple molecular form that is easy for the human tissue to absorb; nourishes and rejuvenates tissues, detoxifies and reduces inflammation; invigorates and purifies

Derived from Arctic cloudberry seed; rich in antioxidants, carotenoids, phytosterols plus Omega 3 & 6, linoleic and alpha-linolenic acid; protects against free radical damage, promotes regeneration and replenishes lipids
