INGREDIENTS

PRESENTATION

2 fl oz M-17002-02
9 fl oz M-17009

SKIN TYPE

Dehydrated, mature,
environmentally damaged

PURPOSE

This luxurious firming masque uses honey and natural milk proteins to help dry, dull, damaged skin. Extracts of horsetail and black currant help soothe, while soybean oil nourishes, giving aging skin a much-needed boost.

BENEFITS

Derived from soy bean; repairs cells and helps reverse signs of UV damage; emollient that contains antioxidants and nutrients, rich in fatty acids and vitamin E, moisturizes and soothes

Derived from the karite fruit on the African mangifolia tree; heals, soothes, protects, potent moisturizer & emollient, known to reduce inflammation, anti-aging effects

Derived from mango fruit; antioxidant rich with natural enzymes that soften and smooth

Derived from oats; soothes, nourishes, and calms irritation

Derived from an herb native to India; rejuvenates, firms and heals

Derived from the fruit; aromatic essential oil, cleansing, rejuvenating, promotes cell renewal refreshing and soothing

Helps to epithelialize the skin, rejuvenates connective tissue, contains a high vegetal silica content which has softening and soothing effects on skin, contains biominerals (magnesium, manganese, iron and copper) that are necessary for collagen and elastin biosynthesis, natural astringent properties

Helps to nourishing, revitalize, calm, purge

A by-product of bees concentrating plant nectars; nutrient-rich, soothing emollient and humectant

Hydrating

Derived from rice husks; deeply moisturizes, helps heal, regenerative

A skin normalizer helping to balance the skin, a powerful anti-oxidant that increases skin elasticity, yielding younger-looking skin; an essential skin nutrient necessary for healthy skin maintenance and repair; moisturizes dry skin, reduces excess oil, smoothes and softens

A natural moisture binder that allows the skin to breathe and function naturally, an antioxidant, improves moisturization, softness and smoothness, provides modest photo protection, helps by slowing the aging process.
