

PRODUCT SPECIFICATION

Cook's Brand Grizzly Tray

features

Models: 630-110B

You can count on the hot over hot, cold over cold design to keep meals at safe temperatures. Made from a specially blended stain resistant copolymer, the Grizzly Tray is designed to look great for a long time and with the durable one-piece construction, they're built for a long life even in the toughest environment.

Cook's Brand

Products designed for the toughest environments

STANDARD FEATURES

RUGGED CONSTRUCTION: One-piece construction means no seams to split or crack. Thick copolymer skin with reinforced center bead and foam insulated interior add support and strength so that corners and sides are dent resistant.

EASY TO CLEAN: The Grizzly Trays are dishwasher safe and naturally stain resistant, making them easy to clean. Additionally, the trays will not absorb water extending the lifespan.

MAXIMUM HEAT RETENTION: Specialized insulation injection process eliminates air pockets to provide superior heat retention.

STACKABLE: Top and bottom surfaces nest securely so trays will be flat and stack up straight improving heat retention of meals.

WARRANTY: The Grizzly Trays are backed up by a two year full replacement warranty against manufacturing defects.

COLORS: Available in Brown
