

Extreme Duty Tray Delivery Cart

U.S. Patent No. 5564723

Designed solely for corrections and engineered to be the best cart on the market, the Extreme Duty Tray Delivery Cart will provide years and years of dependable service even in the toughest of correctional facilities. It features an ultra heavy duty frame and ten integrated reinforcement gussets for incredible strength. Load it with 92 trays and lock them down with the patented Lock Temp Strapper system, a feature you can't find anywhere else. The cart is also NSF approved and carries a 90-day "No Questions Asked" warranty.

• Superior Construction

14 gauge all welded stainless steel construction, 1 1/4" stainless steel square tube frame, reinforced stainless steel support under top shelf and ten 12 gauge gussets to reinforce corners

• 2000 lb Capacity

Top shelf is turned up with 3 separate layers of 14 gauge stainless steel formed around the edge to prevent any bending or breaking

• Easily Maneuverable

Heavy duty 1" stainless steel handle is welded to the frame making this easy to maneuver and the 28" width ensure the cart can pass through a 30" door

• Casters

6" Heavy duty plate casters rated at 800 lbs per caster, 2 rigid and 2 swivel

• Warranty

90-Day "No Questions Asked" / 1-year Warranty against manufacturing defects

PATENTED "LOCK TEMP" STRAPPER SYSTEM provides the tightest seal available. This system ensures a tight, top to bottom seal of all trays in the stack, while securing all your trays to the cart.
