

COOK'S BRAND

In the correctional kitchen, you face a unique set of challenges every day, and standard products often struggle to withstand the demanding environment.

To tackle these issues, we created Cook's Brand—a line specifically designed to meet the needs of correctional facilities.

When you see Cook's Brand, you can rely on products crafted for resilience and performance, all while providing outstanding value.

Popular Cook's Brand Products

Flex Trays

The flexible material won't break to prevent inmates from turning these trays into weapons.

Beverage Server Lock

Safely secure the lid on beverage servers to prevent inmates from tampering during transport.

Knife Leash Kit

Easily tether any knife or tool to improve safety and security in your correctional kitchen.

Globe Whip

Robust design features 1/4" dia. wires welded to exterior tube and oar-style handle for ease of use.

Rhino Carts

This durable, one-piece design is fully insulated and can carry a large number of meal trays.

Vented Drying Racks

The vented sides and bottom of the inserts promote better air circulation so trays dry faster.
