

CORRECTIONAL PACKAGE
UltraSpec Series

VICTORY

Industry Leading Correctional and Safety Features

Food service directors in the correctional space have little room for error when choosing a refrigeration equipment partner. Victory's a la carte correctional package gives each operator the flexibility to spec equipment with features necessary for the safety of staff and inmates without sacrificing day to day functionality.

With advanced refrigeration technologies, Victory is able to offer more Energy Star certified models than any other spec-line refrigeration manufacturer today. When coupled with industry leading warranties and unmatched quality, correctional facilities across every security level stand to benefit from Victory's innovative spec-line equipment and correctional features.

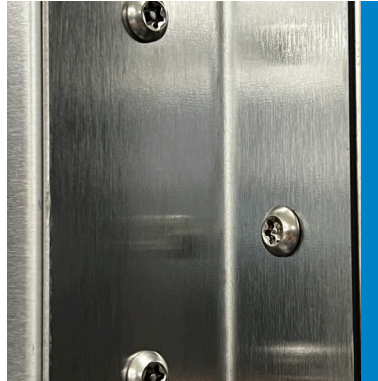

Victory offers a wide array of security measures across our entire line up of Reach In, Pass Thru, Roll In, Roll Thru, Air Curtains, Undercounter and Prep Tables that allow equipment to conform to ACFSAs Equipment Specification guidelines.

Victory offers a wide array of security measures across our entire line up
