1. Identification

1.1. Product identifier

Product Identity: KUUL® Evaporative Media
Alternate Names: KUUL® Evaporative Media

1.2. Relevant identified uses of the substance or mixture and uses advised against

Intended use: Phenol-Formaldehyde impregnated cellulose fiber
Application Method: See Technical Data Sheet.

1.3. Details of the supplier of the safety data sheet

Company Name: Portacool, LLC
P.O. Box 2167
Center, TX 75935

Emergency
24 hour Emergency Telephone No.: (936) 598-6353
Customer Service: Port-A-Cool, LLC
(936) 598-5651 or (800) 695-2942

2. Hazard(s) identification

2.1. Classification of the substance or mixture

No applicable GHS categories.

2.2. Label elements

Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows.

No applicable GHS categories.

[Prevention]:
No GHS prevention statements

[Response]:
No GHS response statements

[Storage]:
No GHS storage statements

[Disposal]:
No GHS disposal statements

3. Composition/information on ingredients
There are no ingredients in this product which are classified as hazardous, and/or no hazardous ingredients above the GHS cut off percentage.

4. First aid measures

4.1. Description of first aid measures
General
In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

Inhalation (Dust)
In case of exposure to a high concentration of dust, remove person to fresh air. If breathing has stopped, administer artificial respiration and seek medical attention.

Eyes (Dust)
Immediately flush eyes with cool water. Remove contact lenses, if applicable, and continue to flush eyes with water.

Skin
Wash with soap and water. If irritation, redness or swelling develop, seek medical attention.

Ingestion
Not a primary route of exposure. If ingestion does occur, DO NOT induce vomiting. Rinse mouth with water and drink 1 or 2 glasses of water. Seek medical attention if stomach pain or nausea develop.

4.2. Most important symptoms and effects, both acute and delayed
Overview
No specific symptom data available.
Primary route of exposure is via dust.

5. Fire-fighting measures

5.1. Extinguishing media
Dry chemical, carbon dioxide, water spray, or foam.

5.2. Special hazards arising from the substance or mixture
Hazardous decomposition: Fumes produced when heated to decomposition may include oxides of carbon, oxides of nitrogen, organic acids, aldehydes, and hydrogen chloride.

5.3. Advice for fire-fighters
Material will burn in the presence of a continuous ignition source.

ERG Guide No. ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures
Put on appropriate personal protective equipment (see section 8).

6.2. Environmental precautions
Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.
6.3. Methods and material for containment and cleaning up
No special precautions. Waste material can be incinerated or landfilled in accordance with federal, state and local non-hazardous waste regulations.

7. Handling and storage

7.1. Precautions for safe handling
Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

7.2. Conditions for safe storage, including any incompatibilities
Incompatible materials: No data available.
Material should be stored away from open flame.

7.3. Specific end use(s)
No data available.

8. Exposure controls and personal protection

There are no ingredients in this product which are classified as hazardous, and/or no hazardous ingredients above the GHS cut off percentage.

8.2. Exposure controls
Respiratory Not required with any known conditions of use
Eyes Not Required
Skin Not Required
Engineering Controls Not Required
Other Work Practices Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

9. Physical and chemical properties

10. Stability and reactivity

10.1. Reactivity
Hazardous Polymerization will not occur.

10.2. Chemical stability
Stable under normal circumstances.

10.3. Possibility of hazardous reactions
No data available.

10.4. Conditions to avoid
No data available.

10.5. Incompatible materials
No data available.

10.6. Hazardous decomposition products
Fumes produced when heated to decomposition may include oxides of carbon, oxides of nitrogen, organic acids, aldehydes, and hydrogen chloride.

11. Toxicological information

Acute toxicity
There are no ingredients in this product which are classified as hazardous, and/or no hazardous ingredients above the GHS cut off percentage.

Note: When no route specific LD50 data is available for an acute toxin, the converted acute toxicity point estimate was used in the calculation of the product's ATE (Acute Toxicity Estimate).
12. Ecological information

12.1. Toxicity
No additional information provided for this product. See Section 3 for chemical specific data.

Aquatic Ecotoxicity
There are no ingredients in this product which are classified as hazardous, and/or no hazardous ingredients above the GHS cut off percentage.

12.2. Persistence and degradability
There is no data available on the preparation itself.

12.3. Bioaccumulative potential
Not Measured

12.4. Mobility in soil
No data available.

12.5. Results of PBT and vPvB assessment
This product contains no PBT/vPvB chemicals.

12.6. Other adverse effects
No data available.

13. Disposal considerations

13.1. Waste treatment methods
Waste material can be incinerated or landfilled in accordance with federal, state and local non-hazardous waste regulations.
14. Transport information

15. Regulatory information

Regulatory Overview: The regulatory data in Section 15 is not intended to be all-inclusive, only selected regulations are represented.

Toxic Substance Control Act (TSCA):
All components of this material are either listed or exempt from listing on the TSCA Inventory.

WHMIS Classification: Not Regulated

US EPA Tier II Hazards

Fire: No
Sudden Release of Pressure: No
Reactive: No
Immediate (Acute): No
Delayed (Chronic): No

EPCRA 311/312 Chemicals and RQs:
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

EPCRA 302 Extremely Hazardous:
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

EPCRA 313 Toxic Chemicals:
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Proposition 65 - Carcinogens (>0.0%):
Formaldehyde

Proposition 65 - Developmental Toxins (>0.0%):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Proposition 65 - Female Repro Toxins (>0.0%):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Proposition 65 - Male Repro Toxins (>0.0%):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.
New Jersey RTK Substances (>1%):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Pennsylvania RTK Substances (>1%):
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

16. Other information

The information and recommendations contained herein are based upon data believed to be correct. However, no guarantee or warranty of any kind, expressed or implied, is made with respect to the information contained herein. We accept no responsibility and disclaim all liability for any harmful effects which may be caused by exposure to our products. Customers/users of this product must comply with all applicable health and safety laws, regulations, and orders.

The full text of the phrases appearing in section 3 is:
Not Applicable

Some of the information presented and conclusions drawn herein are from sources other than direct test data on the product itself.

The information contained in this SDS was obtained from sources which we believe to be reliable. However, the information is provided without any warranty, express or implied, regarding its correctness.

The conditions or methods of handling, storage, use and disposal of this product are beyond our control and may be beyond our knowledge. For this reason we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of this product.

This SDS was prepared and is to be used only for this product.

This SDS has been prepared in accordance with the requirements of the OSHA Hazard communications standard (29 CFR 1200).
