PRESENTATION	
6.8 fl. Oz. T-0168 16 fl. Oz. T-0116	
SKIN TYPE	
All skin types	
PURPOSE	
Seven (7) unique botanical extracts work in harmony to tone and condition oily skin. We have been handcrafting these extracts at CBI since 1978 according to a centuries-old European herbalist's formula.	
BENEFITS	
Helps to epithelialize the skin, rejuvenates connective tissue, contains a high vegetal silica content which has softening and soothing effects on skin, contains biominerals (magnesium, manganese, iron and copper) that are necessary for collagen and elastin biosynthesis, natural astringent properties	
Derived from bark and leaves; astringent, known to reduce inflammation, soothes, and heals	
Antioxidant that helps prevent oxidative stress, natural astringent properties, proven to have a positive effect in fighting acne vulgaris and seborrheic eczema	
Derived from peppermint; known to reduce inflammation, promotes circulation, cools and refreshes	
Soothing and conditioning herb, contains silica and cystine, which are important amino acids that promote healthy skin, known to reduce inflammation.	
Derived from Roman chamomile flowers; natural, known to reduce inflammation, soothes and calms	
Derived from the plant; stimulates, purifies and invigorates	
Derived from lemon balm leaves; clarifies, soothes, tones and calms skin
