

Save time, money, and water when you use authentic MTM Hydro Parts such as a Foam Cannon, Spray Gun, or Spray Tips. Use them on the Fire Truck or your personal vehicle. Pairs well with both gas and electric pressure washers.

Blast off road grime, grease, and dirt with the MTM Hydro Foam Cannon Snub Gun Kit. Featuring adjustable fan blades as it throws thick foam onto your vehicle, house, boat, sidewalk, or roof cleaning project.

The injection knob on top allows for more or less soap to be drawn through the internal chamber, increasing or decreasing the foam output. The internal agitator then creates the dense foam which maximizes dwell time on the surface that needs to be cleaned.

Specs:
