E860R

Powerful LiFePO4 Rider Scrubber
for Large-Scale Environments

Equipped with 53-gallon solution and 55-gallon recovery tanks, the E860R's impressive capacity allows for extended cleaning sessions without frequent refills.

ERIClean's E860R is the ideal solution for heavy-duty cleaning in warehouses, shipping facilities, automotive plants, logistics operations, and other large-scale environments. This machine is all about smart water management and features liquid level indicators on the solution and recovery tanks with automatic alarms and shut-off functions. The patented die-cast aluminum brush deck and squeegee assembly automatically loads and unloads brushes at the push of a button, helping to extend the brush plate's lifespan and reducing the risk of user error or damage.

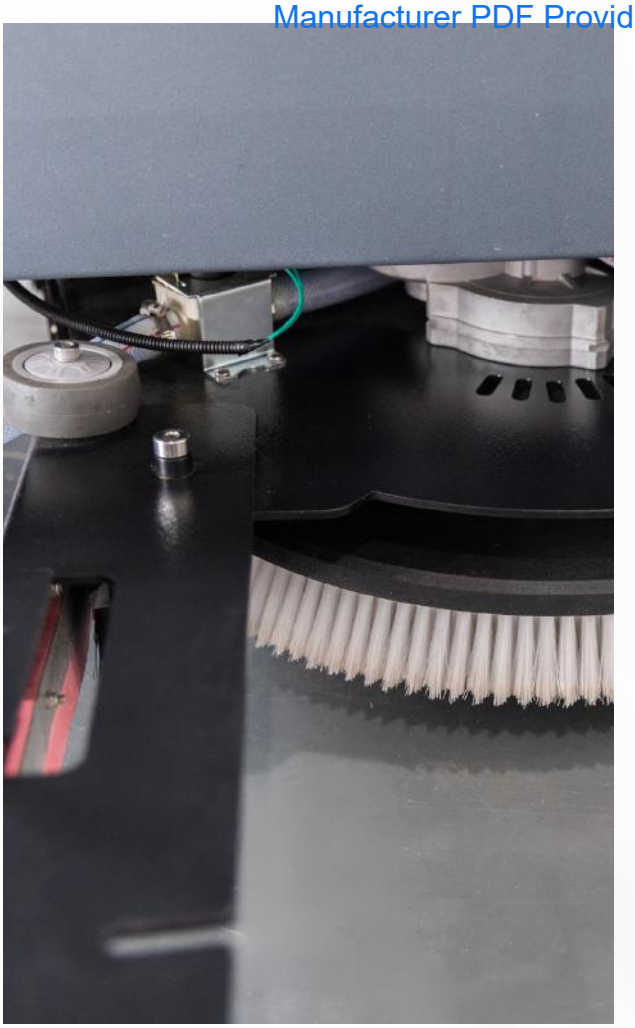

Enjoy up to six hours of long-lasting run time with the 36V250Ah LiFePO4 battery, conveniently located for easier installation and maintenance. Reduced noise and energy consumption settings enable operation during regular business hours.

- Cleaning Productivity: 60,170 sq ft/hr
- Machine Width with Squeegee: 53 in
- Scrubbing Width: 34 in
- Max Speed: 4 mph
- Solution Tank Capacity: 53 gal
- Recovery Tank Capacity: 55 gal
- Voltage: 36V
- Brush Motor Power: 550W*2
- Vacuum Motor Power: 600W
- Drive Motor Power: 800W
- Brusher Dimension: 17 in*2
- Brush Speed: 180-200 rpm
- Brush Pressure: 139 lbs
- Vacuum Power: 2.5 psi
- Sound Level at 1.5m: 68
- Max Climbing Rate: 10%
- Min Turn-around Width: 84 in
- Battery Compartment Size: 21.5"x21.5"x12"
- LiFePO4 Battery Capacity: 36V250Ah
- Run Time: 5-6 hours
- Gross Weight: 1,131 lbs
- Dimensions: 71"x36"x53"

Why Choose ERIClean?

At ERIClean, we build commercial cleaning equipment that gets the job done. We invest in thoughtful designs and features that increase effectiveness and decrease the cost of operation. All ERIClean products come with a satisfaction guaranteed, three-year warranty.
