

SHELF BIN ORGANIZER Assembly Instructions

zmgroupllc.com
support@zmgroupllc.com

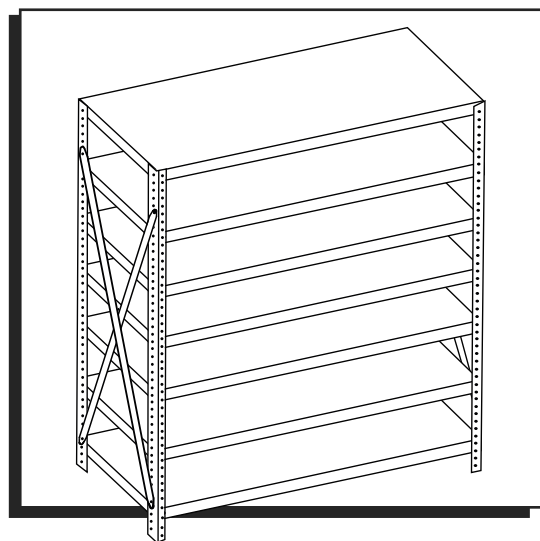

TOOLS NEEDED

7/16" (11mm) Wrench

Phillips Head
Screwdriver

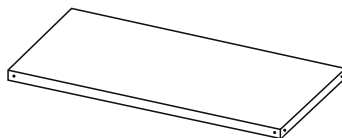

PARTS

Lock Nut and Bolt x 55

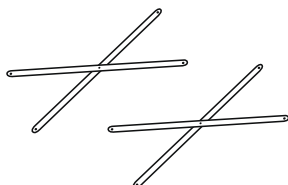

Shelf x 9

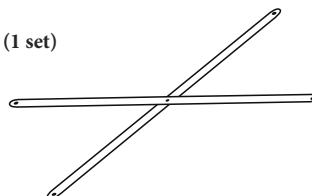

Post x 4

Side Brace x 4 (2 Sets)

Back Brace x 2 (1 set)

ASSEMBLY

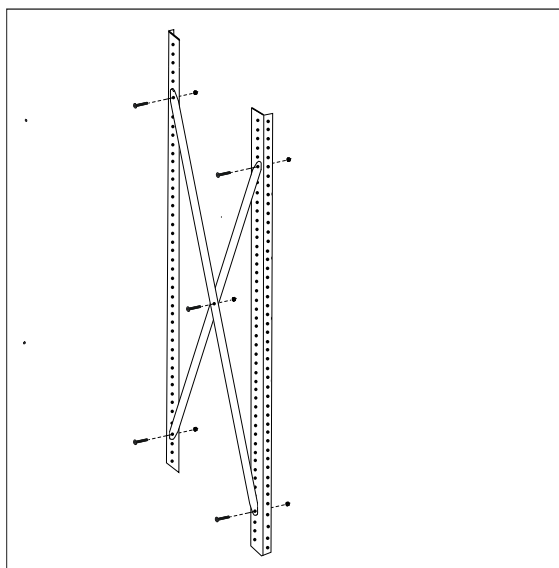

Figure 1

1. Install Side Braces:

Attach side braces to the side of the posts. From the bottom up, locate the **6th** hole. From the top down, locate the **8th** hole. Insert bolts through side braces and posts. Tighten bolts with nuts. (See Figure 1)

ASSEMBLY CONTINUED

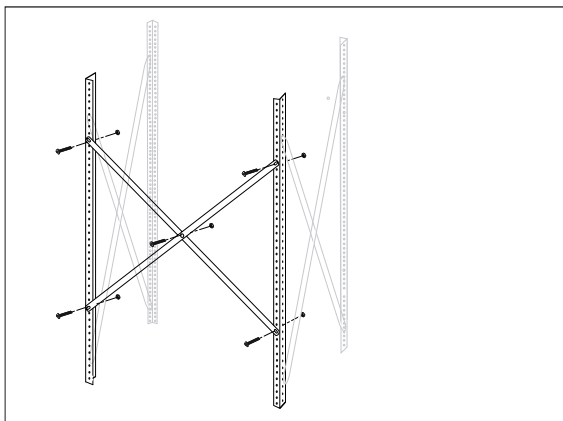

Figure 2

2. Install Back Braces:

Attach back braces to the front/back of the posts. From the bottom up, locate the **17th** hole. From the top down, locate the **9th** hole. Insert bolts through back braces and posts. Tighten bolts with nuts. (See Figure 2)

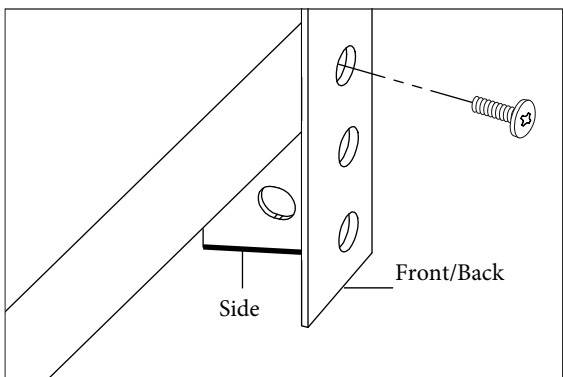

Figure 3

3. Install Bottom Shelf:

Align shelf with third hole up from bottom. Insert bolt through the front/back of the post and through the shelf. Tighten bolts with nuts. (See Figure 3)

NOTE: Shelf bolts should be facing the front and back of the unit.

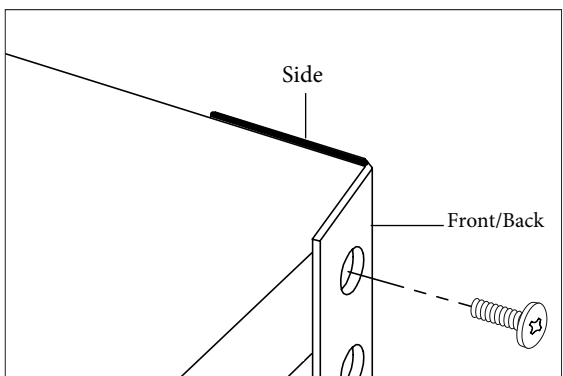

Figure 4

4. Install Top Shelf:

Align shelf with top hole. Insert bolts through the front/back of the post and through the shelf. Tighten bolts with nuts. (See Figure 4)

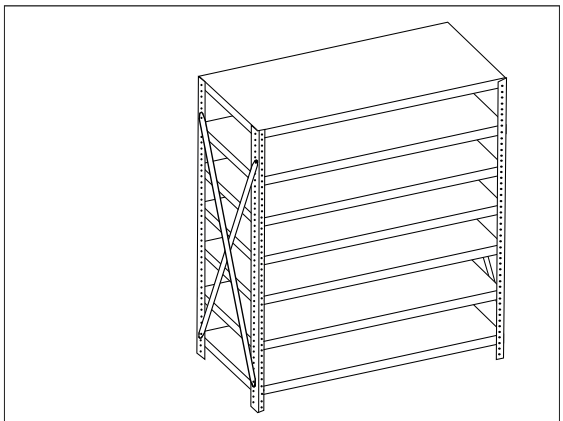

Figure 5

5. Install Remaining Shelves:

Stand the unit up. Insert remaining shelves every **5th** hole (4 empty holes between bolts) to evenly distribute. Tighten all bolts using wrench. (See Figure 5)
