

TSWV

Tomato spotted wilt virus

Catalog numbers: ISK 37800, STX 37800, ISK 39300, STX 39300

Technical Note:

ImmunoStrips for the detection of *Tomato spotted wilt virus* (TSWV) have been found to exhibit cross-reactivity with some isolates of *Groundnut ringspot virus* (GRSV) and *Tomato chlorotic spot virus* (TCSV). TSWV, GRSV, and TCSV are all tospoviruses, and cross-reactivity is not uncommon between related viruses in antibody based test systems.
