

Line Filler pH 4.25

DERMA DATA

KEY PRODUCT ATTRIBUTES

- Relaxes facial tension
- Firms and tones
- Improves skin elasticity
- Smooths fine lines
- Light diffusing
- Instant plumping and hydration

KEY INGREDIENTS

Argireline

Calmosensine

Saccharomyces/Xylinum Black Tea Ferment

Sodium Hyaluronate (low & high molecular weight)

Commiphora Myrrha Resin Extract

Nylon-12 and Silica

Pullulan

INGREDIENTS

PRESENTATION

0.5 fl oz S-53250-01

SKIN TYPE

All skin types, especially those with fine lines and wrinkles

PURPOSE

This intensive serum, composed of micro-silica spheres, diffuse light, causing tiny lines and wrinkles to seemingly blur and vanish. High-tech extracts, peptides and state-of-the-art esters work to tone, hydrate and replenish lipids. A unique combination of Atelocollagen (helps fill in fine lines and wrinkles), Pullulan (a skin firming/lifting agent), black tea ferment (to improve smoothness, radiance and skin tone) and nylon-12 silica (to diffuse light) work together to diminish the appearance of the depth and length of existing wrinkles.

BENEFITS

Water, Acetyl Hexapeptide-3
Helps relax facial tension

Butylene Glycol, Water, Laureth-3, Hydroxyethylcellulose, Acetyl Dipeptide-1 Cetyl Ester
Inhibits nerve impulses to the muscles preventing contractions

Helps improve smoothness, radiance and skin tone

Humectant, regulating the level of hydration of skin; forms a moisturizing, non-occlusive layer of moisture on skin

Helps replenish lost lipids

Light diffusing

A skin firming/lifting agent, usually from beets or grapes

Water (Aqua), C12-15 Alkyl Benzoate, Pentaerythrityl Tetraisostearate, Glyceryl Stearate, Butylene Glycol, Cyclopentasiloxane, PEG-100 Stearate, Cetearyl Alcohol, Acetyl Hexapeptide-8, Acetyl Dipeptide-1 Cetyl Ester, Algae Extract, Atelocollagen, Commiphora Myrrha Resin Extract, Dimethylaminoethanol Tartrate, Pullulan, Saccharomyces Ferment Lysate Filtrate, Saccharomyces/Xylinum Black Tea Ferment, Sodium Hyaluronate, Nylon-12, Polysilicone-11, Silica, Silica Dimethyl Silylate, Sclerotium Gum, Sodium Chondroitin Sulfate, Dimethicone, Isohexadecane, Manganese Gluconate, PEG-10 Dimethicone, Caprylic/Capric Triglyceride, Glycerin, Ammonium Polyacryloyldimethyl Taurate, Polysorbate 40, Laureth-3, Hydroxyethylcellulose, Disodium EDTA, Diazolidinyl Urea, Iodopropynyl Butylcarbamate

HOME USE

Use both a.m. and p.m. for best results. Apply to clean skin, targeting expression and fine line areas.
