

Papaya Enzyme Peel

DERMA DATA

KEY PRODUCT ATTRIBUTES

- Gentle enzymatic exfoliation
- Non-abrasive and non-irritating
- Nourishing
- Skin brightening
- Skin smoothing
- Removes excessive dead cell build-up
- Hydrating

KEY INGREDIENTS

Papain (Papaya)

Bromelain (Pineapple)

Avena Sativa (Oat) Kernel Flour

INGREDIENTS

PRESENTATION

8 oz X-39208

SKIN TYPE

All skin types except highly sensitive

PURPOSE

An exfoliator that contains papain (papaya) and bromelain (pineapple), fruit enzymes whose purpose is to dissolve excessive dead cell build-up on the stratum corneum. It softens comedones, brightens and prepares the skin for any treatment.

BENEFITS

Derived from the papaya fruit; enzymatic exfoliant

Derived from the pineapple fruit; enzyme with exfoliating properties

Derived from oats; soothes, nourishes, and calms irritation

Magnesium Aluminum Silicate, Avena Sativa (Oat) Kernel Flour, Papain, Bentonite, Bromelain, Zea Mays (Corn) Starch, Dextrin, Silica, Sorbic Acid, Imidazolidinyl Urea

HOME USE

FOR PROFESSIONAL USE ONLY.
