

14" WALK BEHIND FLOOR SAW

A lightweight saw for easy transportation and maneuverability.

The FS14M is powered by a reliable Vanguard 6.5 horsepower, 25V337-0138-F1 engine with cyclonic air filtration. Max 1" step cutting recommended. Compact 17"W x 30"L footprint. The tough welded box frame reduces vibration and provides a very stable sawing platform. This eliminates the "frame twist" common in saws of lighter construction. With the engine mounted forward on the frame, the weight is concentrated over the arbor shaft, which helps keep the blade in the cut.

VIRGINIA ABRASIVES FS14M

KEY FEATURES

- Foldable handle for Ease of Use and Transportation
- Cyclonic Air Filtration
- Lifting Handle
- Quick Disconnect Water Connection
- Lifting bail
- Vanguard Power, Reliability and Ease of Maintenance
- Removable Blade Guard with Quick Disconnect
- Quick-Release Arbor Shaft with Self-Aligning Pillow Block Ball Bearings

TECHNICAL SPECIFICATIONS

Engine Make/Model	Vanguard 25V337-0138-F1
Engine HP	6.5HP
Engine Type	4-Stroke
Air Cleaner Type	Cyclone
Maximum Blade Capacity, in	14"
Operating Weight	132 lbs.
Dimensions, in.	31" x 17" x 28"
Wheel Diameter	Rear 6", Front 4"
Arbor Belts	Cog V Belts
Warranty	1 Year Limited

Item# 433-43000

SAFETY

- Emergency Stop

OTHER FEATURES

- Easy to use, low-resistance manual crank lift
- Sealed bearing wheels for smooth mobility
- Premium throttle cable
- Optimal water flow system that reduces spray while delivering more water
