KÄRCHER

SILENT AND EFFICIENT SWEEPING.

An extremely compact battery-powered sweeper with vacuum dust control.

PROFESSIONAL | KM 70/30 C BP

Manufacturer PDF Provided by www.southeasternequipment.net

THE LONG AWAITED WALK-BEHIND SWEEPER ON THE 36V LI-ION BATTERY POWER+ PLATFORM.

The KM 70/30 C battery powered sweeper is a highly efficient solution for cleaning both indoor and outdoor hard surfaces. Powered by a battery-operated main broom, side brush, and dust fan, this sweeper offers enhanced working comfort. With minimal effort required, users can effortlessly clean corners and hard-to-reach areas. The flat pleated filter with active suction effectively reduces dust generation, ensuring a clean working environment even when dealing with large quantities of fine dust. The main broom provides six adjustable stages, allowing for customizable cleaning performance on various surfaces. Additionally, the flat top conveniently accommodates additional equipment such as buckets and small tools. Maintenance is a breeze, as no tools are required to change the side brush and filter. Powered by the 36V Kärcher Battery Power+ platform, this sweeper delivers reliable power in any situation.

1 Adjustable push handle

- Foldable for space-saving storage
- Excellent ergonomics due to triple adjustment option; simple one-touch power switch

2 Large debris container

- Ergonomic container grip for easy handling and emptying
- Flat storage area allows for carrying additional items such as a waste can

3 Exchangeable lithium-ion battery

- Fast and intermediate charging for longer operating times and higher productivity
- Displays the remaining battery run time when in use
- The 36V Power+ L-ion battery has a run time up to 120 minutes, and can be interchanged with other equipment

4 Adjustable brush, lockable container and park setting put you in control

- Adjustable contact pressure for optimum sweeping results
- Main broom and side brush can be completely lifted off the ground to protect bristles for transport
- Lock waste container or wheels to secure load and prevent rolling

5 Prominent flat pleated filter with active suction

- Reduces the amount of exhaust dust created while sweeping and provides a clean working environment
- Filter system is easily accessible for quick and easy replacement
- The manual filter shaker ensures the best sweeping result, even with fine dust
