

PRODUCT SPECIFICATION

FLEX MUG

features

The Flex Mug is perfect for your areas with the highest security risk. Made of FDA approved silicone, the flexible material can be crushed, thrown or even stepped on, but it will not shatter or break and cannot be sharpened into a weapon. Designed for use in high security areas such as segregation units, suicide watch cells, mental wards, or even in general population living areas in a correctional facility where security is a priority.

ENHANCED SECURITY

Made of FDA approved silicon that will not shatter, crack or chip and cannot be broken and sharpened into a weapon

EASY TO CLEAN

Silicone is naturally stain resistant making it easy to clean and will not retain odors or flavors from food

DISHWASHER SAFE

Withstands harsh chemicals and high temperatures making it safe for dishwashing and the flexible material does not become brittle over time from dishwashing extending the usable life

FLEXIBLE YET STRONG

Can be crushed, thrown or even stepped on, but will always return to original shape and will not shatter, crack or chip

ERGONOMIC DESIGN

Extra heavy-weight, sturdy design is easy to grip and hold and remains stable during use

WITHSTANDS EXTREME TEMPERATURES

Temperature rating of -40°F to 446°F, making this perfect for hot coffee and other drinks while the mug remains cool to the touch because silicone does not conduct heat

MICROWAVE SAFE

Flex Mug can be placed in a microwave and will not melt or lose shape

APPROVALS AND CERTIFICATIONS

FDA Approved, ANSI Standard #36 for direct food contact

WARRANTY

2-Year Warranty against manufacturing defects
