Countertop Heated Wells

Models: HW-FUL, -43, -13
CHW-FUL, -43

Providing versatility and reliability, Hatco Countertop Heated Wells hold food hot and fresh in either a wet or dry operation* with an adjustable temperature control.

The -FUL series can hold a full-size pan or three third-size pans, while the -43 series can hold a full-size pan with a third-size pan or four third-size pans. The -13 series can hold a third-size pan or two sixth-size pans. The HW series only holds preheated foods at their optimum serving temperatures; the CHW series is designed to rethermalize a variety of foods as well as hold them (cook and hold).

Standard features

- Controls feature a separate On/Off rocker switch and adjustable temperature dial
- May be used dry but best performance when used with water. Dry indicator lamp informs user to add water ♦
- Thicker .8 mm stainless steel pan with a stainless steel housing (aluminized steel bottom)
- Pan edge offset helps keep condensation from dripping onto countertop surface

♦ The HW-13 cannot operate in dry mode
