

Grape Wine Peel™ pH 2.7

KEY PRODUCT ATTRIBUTES

- Deep, gentle exfoliation
- Rich in phenols and antioxidants
- Enriched with 4 potent fruit acids
- Smooths and refines

KEY INGREDIENTS

Glycolic Acid

Wine Extract

Vitis Vinifera (Grape) Fruit Extract

Citric Acid

Malic Acid

INGREDIENTS

PRESENTATION

4 fl oz M-18404

SKIN TYPE

All skin types except Rosacea and extremely sensitive skin

PURPOSE

Our professional Grape Wine Peel™ is a “natural” alternative to harsh glycolic acid and salicylic acid peels. This 20% multi-fruit acid complex made with white grape wine and fresh fruit pulp gently exfoliates the upper epidermis while wine polyphenols condition the skin.

BENEFITS

Derived from natural sugars; a form of alpha-hydroxy acid, helps to exfoliate dull skin cells.

Contains a high percentage of standardized polyphenols and is a powerful antioxidant

Derived from the grape; nutrient rich emollient, antioxidant, rich in phenols, protects against damaging free radicals, anti-aging

Natural alpha-hydroxy; a mild acidic preservative and gentle exfoliator

Derived from apples and cherries; exfoliates, refines and clears skin

Water (Aqua), Glycolic Acid, Sodium Hydroxide, Propylene Glycol, Vitis Vinifera (Grape) Fruit Extract, Wine Extract, Actinidia Chinensis (Kiwi) Fruit Extract, Cucumis Melo (Melon) Fruit Extract, Citric Acid, Malic Acid, Tartaric Acid, Sclerotium Gum, Diazolidinyl Urea, Disodium EDTA, Methylparaben, Propylparaben

HOME USE

FOR PROFESSIONAL USE ONLY.
