

Assembly Instructions

Carefully lay out all parts in a line on a smooth surface.

1. Make sure that your lamp is not plugged into the electrical outlet.
2. Squeeze the two spring clips “C” and insert them into the glass shade “D”.
3. Then install the two bulb(s) “A” in the sockets “B”. Not included.
CAUTION - Refer to the wattage caution label located near the lamp holder for recommended maximum wattage-do not exceed recommended wattage.
WARNING - Do not attempt to replace the bulb while the lamp is plugged into a wall receptacle.
4. Plug the electrical cord into an outlet and turn on the lamp with the line switch.

Note: The diagram illustrates the installation of your new luminary. This is a representative drawing and is not intended to match the style of your luminary.

CARE INSTRUCTION : Dry cloth-clean only. Do not use chemical cleaners or water.

Warning:

Keep this lamp away from small children. It is not a toy.

CAUTION – Refer to the wattage caution label located near the lamp holder for recommended maximum wattage-do not exceed recommended wattage.

WARNING – Do not attempt to replace the bulb while the lamp is plugged into a wall receptacle.

Important safety instruction

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of the electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit in the outlet, reverse the plug. If it still does not fit, consult a qualified electrician. Never use an extension cord unless the plug can be fully inserted. Do not alter the plug.
