Features & Benefits

- Durable carts designed to specifically meet the meal delivery needs of hospitals (acute care), long term care and correctional facilities.
- Two (2) trays per rail, sixteen (16) trays per unit and with a 5 ¼" (13,35 cm) clearance between rails.
- Serving capacity per cart:
  MDC1418T16 - 16 each 14" x 18" (36 x 46 cm) trays
- Menu holder keeps service instructions highly visible and easy to access.
- Durable, one-piece, molded polyethylene construction ensures long term durability and reliability.
- Thick foamed-in place polyurethane insulation provides added structural strength and reduces noise while transporting.
- Model has built-in venting channel for increased air circulation which optimizes food quality.
- Optional end table offers an ergonomic work surface and holds trays during service preparation. Designed for use during staging service.
- Pressure molded non-insulated ABS door is lightweight, durable and opens a full 270˚.
- Large stainless steel locking paddle latch is easy to open, rust free and can be removed and easily cleaned.
- Self-draining shelf and bottom in compartments facilitates easy cleaning.
- Four each 6" (15,24 cm) non-marking nylon casters, two (2) swivel with brake and two (2) fixed, enhance maneuverability and increase safety; optional heavy duty two (2) swivel or (4) four swivel.
- Non-electrical.
- No assembly required.
- Available in two (2) stock colors.

MDC1418T16

Optional end table.
