Top performer with outstanding water pick-up for scrubbing and drying in confined areas.
The 5100, with brush-assisted drive, is an easily manoeuvrable, heavy duty scrubber-dryer designed for the wet scrubbing of hard and decorative floor surfaces.
Superb water-pick up and a very compact design make it ideal for medium to heavy scrubbing jobs in supermarkets, department stores, hospitals, schools and recreational facilities.

The 5100 all-in-one heavy duty scrubbing and drying action removes wet, sticky and solid contamination from decorative, tiled, coated and concrete floors. Using the highest down pressure, this machine is capable of heavy-duty scrubbing and floor stripping.

- **Unique automatic brush and pad change: operable from the control board**
- **Adjustable down pressure for variable cleaning aggressiveness**
- **Recycling system (5100 ES): allowing longer, non-stop cleaning runs**
- **Adjustable solution feed for customisation to application needs**
- **Curved, breakaway squeegee: excellent water pick-up even in curves and corners.**
- **Battery and brush pressure gauges: keep operator informed and in control**
- **Roto-moulded recyclable polyethylene body and parts: extremely durable**
