

**BioFX™ Alkaline Phosphatase/Horseradish
Peroxidase Block**
Product insert

Product number:

APHP-0100-01 (100 mL)
Custom Sizes Available

Product use:

BioFX™ Alkaline Phosphatase/Horseradish Peroxidase Block is supplied as a ready-to-use blocking reagent for immunohistochemistry samples. The solution blocks both alkaline phosphatase and peroxidase endogenous enzymatic activity.

Product stability and storage:

Product stability	3 years from the date of manufacture.
Storage	Store at 2-8°C. Care should be taken to minimize the risk of contamination.

Recommendations for use:

- 1) Samples should be blocked for a minimum of 10 minutes at room temperature (25°C).
 - Additional blocking time may be required depending on tissue thickness and sample permeability.
- 2) Samples should be rinsed with copious amounts of distilled water to remove excess blocking solution.
