PURPOSE

A unique blend of essential oils including orange and vanilla calms the senses while jojoba and sweet almond oil smooth and hydrate the skin. Vitamins A and E provide free radical scavenging for natural lipids.

BENEFITS

Derived from soy bean; repairs cells and helps reverse signs of UV damage; emollient that contains antioxidants and nutrients, rich in fatty acids and vitamin E, moisturizes and soothes

Is known to be high in moisturizing fatty acids, excellent emollient high in oleic and linoleic, ideal in the treatment of dry skin, helps skin balance as well as loss and absorption of moisture, provides a smooth skin feel and promotes spread-ability in creams and lotions, high skin-softening properties

This soothing, penetrating, oil is rich in vitamins A, B1, B2, B5, D and E, minerals, protein, lecithin and fatty acids comprised mostly of oleic, linoleic and linoleic acids, as well as palmitic and palmitoleic acids, lecithin, phytosterol and carotinoids

Derived from the bean; nutrient-rich, soothes, moisturizes and softens

Derivative of tocopheryl; a stabilizer and emulsifier

A skin normalizer helping to balance the skin, a powerful anti-oxidant that increases skin elasticity, yielding younger-looking skin; an essential skin nutrient necessary for healthy skin maintenance and repair; moisturizes dry skin, reduces excess oil, smoothes and softens
