Camellia Oleifera (Tea-Oil) Leaf Extract

Hyaluronic Acid

INGREDIENTS

PRESENTATION

1 fl oz D-89201

SKIN TYPE

Normal, oily, problematic, acneic

PURPOSE

This light, oil-free lotion formulated with 8.5% glycolic acid provides for a more robust exfoliation. Green tea and licorice tone and condition the skin, while hyaluronic acid adds essential hydration. Recommended for oily problematic and acneic skin types.

BENEFITS

Derived from natural sugars; a form of alpha-hydroxy acid, helps to exfoliate dull skin cells.

Known to reduce inflammation, brightening and clarifying

Antioxidant extract is a rich source vitamins C and E; stimulating, anti-inflammatory properties; helps repair the effects of aging and environmental factors and promotes rejuvenation and elasticity

Humectant, regulating the level of hydration of skin; forms a moisturizing, non-occlusive layer of moisture on skin

Water (Aqua), Glycolic Acid, Magnesium Aluminum Silicate, Sodium Hydroxide, Xanthan Gum, Camellia Oleifera Leaf Extract, Glycyrrhiza Glabra (Licorice) Root Extract, Sodium Hyaluronate, Propylene Glycol, Diazolidinyl Urea, Methylparaben, Propylparaben

HOME USE

Apply 2-3 drops to entire face, neck and décolleté. May be used morning and night.
