

4748-01

48-ounce DripCut™ server with plastic jar and brown plastic top

The Vollrath® DripCut server features a white plastic jar and a neutral brown top that create an attractive appearance on any tabletop. This lightweight jar is a safe alternative to glass and is impressively easy to clean. With molded-in graduated markings for accurate measurements, this server makes it easy to control portions and prevent waste. The smooth handle provides a comfortable grip, and the thumb tab helps control pouring speed to ensure smooth operation. Designed for syrups, sauces, dressings and more, this versatile server is a valuable addition to any café, diner, restaurant or other foodservice establishment.
