FEATURES:

- The industry’s only all-metal marker.
- The metal valve is designed to not leak even under harsh conditions.
- Valve Action markers allow more control over ink flow and keep the ink in the barrel from drying out if the cap is left off.
- Replaceable tips extend the life of your markers.
- Available in 3 weather & fade resistant colors with color-coded caps.
- Sold by color in boxes of 12. Cartons include 12 boxes / 144 markers.

COMPATIBILITY:

- Safe for most surfaces.
- Test on surfaces prior to use to ensure compatibility.

DIRECTIONS FOR USE:

- Twist the cap off
- Gently pump until the tip is primed

HEALTH & SAFETY:

- Use only with proper ventilation.
- Flammable liquid & vapor: keep away from ignition sources like flames, sparks, or electrostatic charges.
- Avoid skin contact, eye contact and ingestion.
- For complete health & safety data, refer to SDS at www.diagraphmsp.com

TECH SPECS:

- Standard Stroke Width: 1/16"
- Fill Quantity: ~13 cc
- Xylene Based
