**Weber Scientific
SDS Exemption
3620-10 Mega Reg**

Weber Scientific's **Mega Reg** Dilution Bottles do not contain hazardous substances, and are not hazardous substances, and therefore Weber Scientific does not maintain Safety Data Sheets (SDS) on these products as per the following statement:

In accordance with 29 CFR 1910.1200, as amended at 59 FR 6126, February 9, 1994, Hazardous Communication: Final Rule, Weber Scientific is not required to prepare, distribute or maintain SDS's for products which are determined not to be Hazardous Substances.

Dilution bottles manufactured by Weber Scientific do not contain hazardous chemicals and have been determined not to be a hazardous substance, as these terms are defined at 59 FR 6172: paragraph (6)©(iii), and therefore are exempt from the requirements of the Hazardous Communications Standard, as promulgated by OSHA, 29 CFR 1910.1200, as amended at 59 FR 6126, February 9, 1994.
