# TV 2 SS

## Canister Vacuum with HEPA Filtration

Powerful, compact, and efficient, the TV 2 SS Dry Canister Vacuum from Tornado is the perfect, alternative to upright or backpack vacuums. The TV 2 SS is designed to accommodate noise-sensitive environments such as hotels, restaurants, retail outlets, offices, schools, and applications where silent day cleaning is a necessity. A new, ergonomically designed handle provides the utmost comfort for the operator. The unit is light and easy to transport, and includes a large foot-operated on/off switch and incorporates a dedicated "parking spot" for the wand when not in use. The multi-stage filtration system incorporates a CleanBreeze microfiber filter bag, a permanent main filter and motor protection filter, plus a HEPA exhaust filter for optimum indoor air quality (IAQ).

INNOVATIVE STORAGE –
Side wand holder for easy storage

MAXIMUM POWER FILTRATION –
Includes three layer fleece filter bag, permanent main filter, and motor protection filter, and HEPA exhaust filter

EASY ACTIVATION –
Large, easy to access on/off switch
