## 8 ½-quart Wear-Ever® tapered aluminum saucepan with SteelCoat x3™ nonstick coating and silicone handle

The tapered saucepan by Vollrath is thoughtfully designed and elegantly constructed. It's made of impact-resistant, energy-efficient aluminum, so it's incredibly durable and allows heat to spread evenly along the base and walls for superior results. The SteelCoat x3 nonstick coating uses advanced technology for better release, faster cleaning and longer life, while the double-thick rim and bottom help maintain the shape and resist dents. The new handle provides a cooler, more comfortable ergonomic grip and is heat resistant up to 450°F continuous use, 600°F intermittent use.

### FEATURES & BENEFITS

- 11-gauge aluminum is ultra durable and energy-efficient
- Triple-layer SteelCoat x3 maximizes performance and life
- New stay-cool silicone handle features a patent-pending no-slip grip
- Silicone handle is heat resistant up to 450°F continuous use, 600°F intermittent use
- Riveting system features a limited lifetime warranty
- Flat and domed covers are available and sold separately
- Made in USA and NSF-certified
