THE DIFFERENCE WITH COOK'S BRAND

Made from impact-resistant ABS with a textured, scratch-resistant surface, Cooks Brand trays are built to handle years of daily cafeteria use. Lightweight and easy to carry, they stack neatly for storage and clean quickly in the dishwasher. With six compartments and dimensions matching existing 630-440 trays, they integrate seamlessly into current operations. Available in Black or Navy, they deliver lasting performance at a budget-friendly price and reflect the dependable quality Cooks is known for.

Use: Ideal for cafeteria settings such as schools, universities, and institutional dining.

Material: Impact-resistant ABS (Acrylonitrile Butadiene Styrene) plastic.

Finish: Textured, scratch-resistant surface for lasting performance.

Available Colors: Black, Navy.

FEATURES & BENEFITS

- ✓ Impact-resistant ABS plastic
- ✓ Textured, scratch-resistant surface
- ✓ Easy-to-clean and maintain
- ✓ Lightweight yet durable for everyday use
