VAPamore green products

LIFETIME WARRANTY

Small Size ***Big Performance...***

The MR-750 Ottimo is the ultimate in steam cleaning for heavy-duty home use or light-duty commercial use. Ottimo, which means “Ultimate” in Italian, perfectly describes the performance and power of the MR-750 Ottimo. Years of development and customer feedback went into the development of the Ottimo to bring commercial power to a machine in a small light package.

Don’t let the small size fool you - like its big brother the MR-1000 Forza, the Ottimo is designed to be used in extreme-duty residential and entry-level commercial applications. Lightweight, easy to move and easy to store, the Ottimo utilizes a powerful 75 psi steam pressure and the largest boiler tank available. The Ottimo features a working time of up to 3 hours on a single tank, ensuring the Ottimo can handle any job.
