a new spin on cleaning

BD 17/6 Compact Cordless Automatic Scrubber

World Class Scrubber Delivering Versatility and Enhanced Productivity

Now Clean Congested Spaces Easily Without a Cord

The battery-operated BD 17/6 Compact Scrubber is perfect for small-to-medium sized spaces, or hard-to-clean areas underneath counters where a mop is traditionally used. Offering a six gallon recovery tank and an integrated parabolic squeegee for immediate solution pick-up, this machine makes your most difficult cleaning tasks no problem at all!

Superior Water Recovery

Not only can you clean longer with the convenience of a six gallon recovery tank, the BD 17/6's moisture-controlled, patent-pending design includes an integrated parabolic squeegee system, mounted just 1" behind the pad to immediately capture and contain cleaning solution. The innovative squeegee assembly is engineered to rotate an incredible 180 degrees to the left or right during the cleaning process, providing immediate solution recovery, even when moving in reverse underneath desks and countertops! Now these troubled-areas are a breeze to clean quickly, eliminating the hassle of using a dry mop which saves you time and money.

Increase Facility Health and Safety

Say goodbye to corded electric units that can cause trips and falls! The BD 17/6's eco-friendly, maintenance-free AGM batteries provide long run-times, eliminating the danger of a power cord, and reduce periodic maintenance. What's more, the ergonomic handle is adjustable to accommodate a variety of user-heights, and minimizes worker fatigue and injuries as a result.

Easy Accessibility

Maintenance and access to the brush deck and squeegee on the BD 17/6 is simple! When the unit is upright in storage position, your staff can easily access the brush deck and squeegee to check parts to ensure they are in top working condition. What's more, you have easy access to the tanks and batteries by simply removing the recovery tank for dumping. To recharge the 24 volt AGM batteries, simply plug in the cord to the machine and an AC wall outlet. This automatically activates the on-board charger.

BD 17/6 Compact Cordless Automatic Scrubber.

World Class Scrubber Delivering Versatility and Enhanced Productivity.

Applications

The Tornado® BD 17/6 Scrubber is perfect for use in many different environments including:

- Retail Stores
- Convenient Stores
- Quick-Serve Restaurants
- Restrooms
- Health Clubs
- Hospitals
- Kitchens, and much more!

Moisture-Controlled Cleaning.

Less Environmental Waste.

Compact Low-Profile

This highly maneuverable unit reaches difficult areas previously cleaned by a mop and bucket. With an adjustable handle, the unit fits operators of any height.

Reduce Training Time

The unit is so simple to use, you'll save time and money by reducing training time required for your staff. With an ergonomic handle and control system plus easy-to-fill and empty tanks, the BD 17/6 delivers easy and safe operation.

Fits In Narrow Spaces

Now clean narrow, congested isles or stalls with this compact unit. The 17" cleaning path with patent-pending rotating squeegee makes cleaning under partitions and counters so simple.

Compact Storage

The collapsible handle in addition to large wheels on the back of the unit make storage easy.

Easy Access to Tanks and Batteries

For easy maintenance and access to batteries, simply remove the recovery tank.
