

**109  
GALLON**

## The Go-Getter

**Nothing can stop you with  
109 gallons of extra fuel on board!**

**W**hether you're refueling equipment, vehicles, or ATVs, this tank is designed for the ultimate go-getters. Our 109-gallon refueling tank system is Department of Transportation (DOT) legal to carry and transfer gasoline, diesel, methanol/ethanol, and kerosene.

Transfer Flow refueling tanks come complete with everything needed for installation.

The easy-to-use hose-purge feature allows you to pull any fuel left in the hose back into the refueling tank to eliminate messes in the truck bed and stretch your extra fuel capacity even further.

The 109-gallon refueling tank is made from 12-gauge, high-yield U.S. aluminized steel, for superior durability and strength; and powder coated black for durable satin finish. As with all Transfer Flow fuel tank systems, this refueling tank comes complete with all parts needed for installation, down to the last zip tie.

**LONG BED**

**Fits:** All Full-Size Trucks  
**Fuel:** Gas, Diesel, Methanol/Ethanol, Kerosene  
**Ship Weight:** 297 lb.  
**Dimensions:** 54 3/4" L x 27" W x 20" H  
**Part Number:** 080-01-09416

### FEATURES AND BENEFITS

- For drivers who own ATVs, boats, generators, landscape or farming equipment, or want to fuel their truck or additional vehicles
- Comes with 12-volt GPI® fuel pump, 12 ft. hose, nozzle, locking cap, wiring harness with cab-mounted power switch, and mounting hardware
- DOT legal for gasoline, diesel, methanol/ethanol, and kerosene
- Built from 12-gauge, high-yield U.S.-made aluminized steel, for durability and strength
- Powder coated black for durable satin finish
- Pumps up to 15 gallons per minute
- Baffled to prevent fuel sloshing
- Made in USA
- Optional item: methanol/ethanol pump
