INGREDIENTS

PRESENTATION

1 fl oz. A-2401

SKIN TYPE

Oily, Problematic, Acneic

PURPOSE

The combined purifying and emollient properties of thyme, camphor and eucalyptus, along with ichtammol, a “drawing” ingredient, helps care for oily, problematic skin. Extracts of pollen and propolis condition while hydrating.

BENEFITS

Refreshing, soothing, natural water-binding agent, antioxidant properties

Bee-gathered pollens are rich in proteins, free amino acids, vitamins, including B-complex, and folic acid; purifying, prevents premature aging of the cells and stimulates growth of new skin tissue, stimulates blood flow

Purifying and restorative, this extract protects against infection, aging and cellular destruction

Produced by bees this extract is high in B vitamins and contains all the essential amino acids, unsaturated fats, natural sugars, and minerals such as iron, calcium, silicon, sulfur, and potassium; helps improve skin's elasticity and minimizes wrinkles, nourishing the skin and erasing facial blemishes, anti-stress, strengthens

Derived from the evergreen tree; tonic and freshener, has anti-inflammatory and antiseptic properties.

A powerful antiseptic and a general tonic, with healing powers to encourage the flow of blood to the surface

Derived from leaves of the Eucalyptus tree; refreshing, expectorant, anti-microbial and antiseptic

A natural cleansing, antibacterial, detoxifying agent
