PHOENIX 24 | PRODUCT FEATURES

The Phoenix 24 is a compact brush scrubber with a 24”cleaning path and features 24" Cylindrical Scrub brushes. Cylindrical scrubbing offers the operator the ability to sweep and scrub in one pass. Removing small debris, cleaning and drying the floor productively in one easy motion. The scrub deck is made is made of corrosion-resistant aluminum casting. The direct Brush Release System (BRS) allows brushes to be changed quickly.The Phoenix 24 covers 34,445 sq. ft. per hour. Easy-to-understand controls ensure that the machine is simple to operate. The 19 gallon recovery tank is easy-to-clean and hygienic while the Anti-Foam System (AFS) protects the vacuum motor from damage. An on-board charger is convenient and allows the machine to be charged anywhere. As an added safety feature, when the on-board charger is plugged in, the machine is not operable. Removing the scrub brushes is effortless and can be performed with no tools. Squeegees have also been designed so that no operator adjustment is necessary. A low brush deck design is ideal for cleaning near obstacles such as shelves, warehouse racks and other stationary objects.

FEATURES	BENEFITS
Cylindrical Brush Scrub Head	Cylindrical system provides sweeping and scrubbing capabilities.
Heavy Duty Scrub Deck & Squeegee	One piece, corrosion resistant scrub head and squeegee assembly. Provides a rust free long life.
Low Cost of Ownership	The Phoenix series machines do not utilize actuators adding up front & replacement costs to the machines.
Productivity	34,445 ft^2/hr, allows for large areas to be cleaned quickly.
Ergonomic Design with User Friendly Controls	Reduces operator fatigue, with excellent line of site & comfort zone hand bails. Provides maximum maneuverability & operator safety.
User Friendly Controls	Simple, easy to understand icons & selector switch plus one touch directional lever.
Durable Construction	Powder coated, epoxy painted, 11 gauge steel frame resists corrosion. Durable heavy-duty rotationally molded polyethylene tanks & bumper.
Tool-Free	No Tools required for quick squeegee blade change.
Safety Features	Bright Orange Color
LED Display	Battery Gauge as well as service indicator lights thus preventing unnecessary down time.

PHOENIX	TECHNICAL DATA
Scrubbing Style	Cylindrical
Scrub Path	24”
Sweep Capable	Cylindrical Wet Sweep
Power Source	24 volts
Brush Motor Power	1.2 hp
Brush RPM	850 RPM
Brush Pressure	2 Settings
Solution Capacity	19 gallon
Recovery Capacity	19 gallon
Scrub Brushes	24” Cylindrical
Theoretical Productivity	34,445 ft^2/hr
