DOORS

ACCESS DOOR, COMPARTMENT DOOR & RAMP GATE

Steele Rubber Product's access door seals are designed to stop leaks, drafts, reduce noise and ensure a secure fit between the door and the frame of the RV. The tube-shaped bulbs consist of a high quality, weather resistant rubber mated to a flexible push-on edge trim that has an integrated steel core. The result is a longlasting seal that is easy to install.

DRIP RAIL SEAL & INSERT TRIM

DRIP RAILS

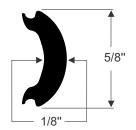

70-3851-99 • \$3.30/ft.

Drip rails are used to catch and divert water away from windows, doors or other openings on the side of an RV, much like a gutter on a building. Steele Rubber Product's drip rails are made of high quality weather resistant rubber with an easy to use 3M Peel-N-Stick adhesive. This ensures product durability in all weather conditions and trouble-free installation.

DENSE RUBBER INSERT TRIM FITS IN ½" TRACK METAL

70-3782-99 • \$2.10/ft.

50ft - 99ft • \$2.00/ft. 100ft - 249ft • \$1.90/ft. 250ft or more • \$1.80/ft.

INSERT TRIM

Our insert trim rubber is the perfect replacement to the original vinyl. The vinyl has a tendency to crack and let water in the track which causes mildew. This dense rubber insert trim is manufactured with UV resistant compounds and will look great for years to come. Designed to fit & lock in a ½" track found on many RV and Toy Hauler models.

RV SLIDE OUT SEALS

Slide-outs seals can be the most important weatherstripping found on an RV! Worn or poor-quality seals can easily lead to extensive and expensive damage. Generally consisting of a 'wiper' and a round seal called a 'bulb', the wiper seals the gap between the side of the RV body and the slide-out when the slide-out is extended. The bulb makes a seal between the body of the RV and the outside wall edge of the slide-out when retracted. Steele Rubber Products offers you precision made high quality rubber seals in a number of profiles to fit just about any configuration.

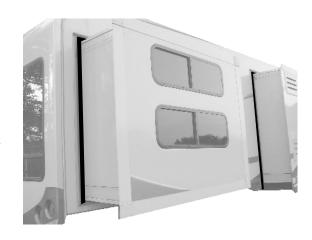

RV SLIDE OUT SEALS

When choosing slide-out seals, be sure to note the type your RV has:

- -Is it one or two piece?
- -How is it installed (glued on, pushed on, or does it utilize an adhesive tape)?
- -What are the dimensions of the seals and the tracks they slide into and/or the surfaces that they adhere to (length, width and height)?

ONE PIECE

2-1/8"

DENSE RUBBER FLAP

70-3716-99 • 40ft. Strip \$179.10/ea.

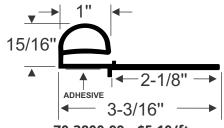

SPONGE RUBBER FLAP

ROOF MOUNTED A/C, HEAT PUMP GASKET

Unique high quality ONE-PIECE SPONGE EPDM replacement A/C, Heat Pump Gasket. Fits most RV and Marine A/C, Heat Pump units including those made by Dometic and Norcold. One-piece design ensures no-leak functionality. High quality closed cell EPDM sponge rubber yields higher UV, ozone and weather resistant durability than what is originally supplied! Easy to use pressure sensitive adhesive backed.

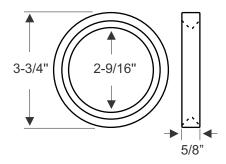

Includes two (2) 7" adhesive backed leveling blocks made of the same material. Instruction sheet included for easy installation directions.

NAW 70-3905-97 • \$29.60/set

BLACKWATER TANK SEAL

This gasket is a direct replacement for the 4" Cherne "Original", End of Pipe Gripper Mechanical Plug seal that serves as the blackwater tank stopper on Prevost Class A Motorcoaches. Saves you money by reusing the existing plastic and metal parts. Other places you may find this seal is with drain, water, and vent applications.

70-3894-88 • \$8.00/ea.

VINTAGE TRAILERS

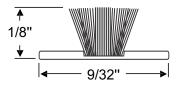

Steele Rubber Products is pleased to present to you a new and growing selection of seals and weatherstripping that can be used to restore vintage recreational vehicles. Applying our decades of experience producing better-than-original rubber parts for automobile restoration, you can be assured of the quality, fit and ease of installation of each of these products.

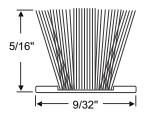

Samples are available to ensure an exact fit and we invite you to call 800-230-5897, visit us on-line at

rv.steelerubber.com or email us at rv@steelerubber.com for additional profiles. Likewise, we have built our business meeting our customer's needs- so send us a sample of your RV's old seals and we'll be glad to speak with you about making a replacement!

BUMPERS - GROMMETS - PLUGS

Steele Rubber Products uses the same precision molded high quality rubber in all of our bumpers, grommets and plugs as found in our seals. This ensures the optimal durability and fit for a variety of applications such as door stops and wiring channels. The items presented here are only a sample representation of what we make. For additional sizes and profiles call 800-230-5897, visit us on-line at rv.steelerubber.com or email us at rv@steelerubber.com today!

RV

TOOLS

All Purpose Tool - Short Tip

High quality all purpose tool designed specifically to assist in the installation of window seal weatherstripping.
9.5" long with a 5.5" blade.

94-0101-94

\$24.50/ea.

All Purpose Tool - Longer Tip

High quality all purpose tool designed specifically to assist in the installation of window seal weatherstripping. 8" long, 4.875" blade and 2" hook.

94-0102-94

\$22.30/ea.

Glass Retainer Clip Tool

Reduces the risk of chips and scratches to glass windows caused by makeshift tools. This tool is specifically designed to fit trim clips over the studs and virtually eliminates glass breakage. It also dispenses with the need to remove rubber-like sealant surrounding the studs. A practical tool for placing trim retainer clips over headed studs welded around the body window shields.

94-0106-94

\$41.60/ea.

Wooden Handled Tucking Tool

Tool used for tucking weatherstrip in hard to reach places and when additional strength is needed. Durable, with a slightly curved blade that features finished corner edges. Wood handle. 7.5" long with 2.625" blade. 94-0104-94 \$43.40/ea.

Trim Pad Removing Tool

Designed to pull out plastic trim fasteners. It reaches under the trim panel, supports and grips the plastic fastener and lifts it without damage to the fastener or to the trim pad backboard. This tool is made of heat treated high carbon steel and will work equally well on metal fasteners.

94-0107-94

\$15.00/ea.

Trim Pad Removal Tool

Removes reveal moldings on rubber-less jobs. 9.5" long.

94-0108-94

\$20.20/ea.

Plastic Tool

This tool makes replacing gaskets easier. A handy multi-purpose tool to have. 8" x 11/16"

94-0110-00

\$2.80/ea.

Safety Glasses

Reinforced plastic, clear lenses, and wraparound frame.

94-0109-94

\$7.10/ea.

ADHESIVES & CLEANERS

Products with an asterisk (*) can expose you to chemicals including toluene which is known to the State of California to cause cancer or birth defects or other reproductive harm. For more information, visit www.P65Warnings.ca.gov

Loctite Super Bonder 495

General purpose instant adhesive designed to bond rubber, metal, and plastic parts. Excellent for modified gaskets or rubber footage made of dense or sponge rubber.

96-0495-96 (3 gm. Tube)

\$8.80/ea.

3M Super Weatherstrip Adhesive (Yellow)

For adhering all types of rubber weatherstripping.
Light colored adhesive. Very fast drying, exceptional bonding strength.

96-8001-96 (5 oz. Tube) \$13.10/ea.

3M Super Weatherstrip Adhesive (Black)★

It is a strong, flexible, rubbery adhesive that withstands vibration and extreme temperature variations. Because of its black color, clean-up is eliminated due to its blending in with the rubber.

96-8008-96 (5 oz. Tube)

\$17.70/ea.

3M Weatherstrip Adhesive (Black) *

Good general purpose rubber cement. Has quick tack, will not bleed through fabric.

96-8011-96 (5 oz. Tube)

\$17.70/ea.

3M Plastic and Emblem Adhesive

An excellent clear adhesive for plastic repair and emblem application. Use this strong, quick-drying adhesive for plastic or metal emblems, interior rigid plastic, tail light lenses, vinyl side moldings or upholstery. **96-8061-96 (5 oz. Tube) \$17.80/ea.**

3M Rubberized Undercoating *

Professional Grade Rubberized Undercoating produces a textured finish which resists chipping, abrasion, exterior rusting and weathering. This coating provides one-coat build-up with no dripping, running or sagging. The undercoating is excellent for automotive undercarriages and for other uses including protection for wheel wells, fenders, quarter panels and more.

\$14.90/ea.

3M Auto Bedding and Glazing Compound

A non-hardening, water resistant, medium bodied sealer for sealing body seams, under moldings and between windshield rubber and car body. Remains permanently soft and pliable to absorb movement in the auto body. Easy to Use-Stop-Flo Plunger on each cartridge prevents oozing and has dry rag clean up.

96-8509-96 (10 oz. Cartridge) \$17.20/ea.

3M General Purpose Adhesive Cleaner - Spray *

Quickly cleans off wax, grease, oil, old adhesive, road tar, silicone, etc. Will not dissolve or mar paint that has been properly aged. Also suitable for use on vinyl or glass surfaces.

CANNOT BE SHIPPED VIA AIR 96-8987-96 (15 oz. Aerosol) \$27.40/ea.

3M General Trim Adhesive *

A rapid drying, high strength, light colored adhesive in an aerosol container. Designed for bonding most types of material used in automotive/RV trim operations except unsupported vinyl. Excellent for fabrics, upholstery, foam, jute pads, carpets, re-bonding vinyl top sections, etc. Has adjustable spray pattern, high initial strength and does not require shaking or agitation before using. Provides good heat resistance.

CANNOT BE SHIPPED VIA AIR 96-8080-96 (16.25 oz. Aerosol)

\$27.30/ea.

3M General Purpose Adhesive Cleaner - Liquid *

A specially blended solvent that provides easy cleanup of most types of adhesives and quickly removes waxes, road tars, grease, oil and similar materials. Will not harm thoroughly dried automotive paint, vinyl or fabrics when properly used.

CANNOT BE SHIPPED VIA AIR 96-8984-96 (Quart Can)

\$26.70/ea.

3M Urethane Adhesive *

Auto Glass Urethane Windshield Adhesive is a medium viscosity, one-part, moisture-curing urethane adhesive. It is formulated to be fast-curing and non-sagging for rapid results and a clean and simple application process. The features of this windshield adhesive produce high-strength material designed to bond and seal vehicle windshields, backlights and sidelights.

96-8693-96 (10.5 oz. Cartridge) \$16.90/ea.
