TORNADO VORTEX 18

Multi-Surface Scrubber

CLEAN DEEPER THAN SURFACE LEVEL.

Item# TS050-W18-U

Deep Cleaning Power

The cylindrical brushes of the Tornado Vortex Multi-Surface Scrubber run at speeds up to four times greater than comparable disk scrubbers and reach down into cracks and crevices to clean dirt and debris that pads just pass over.

Versatility

Effectively cleans virtually any hard or soft surface, including hard, uneven floors like tile, VCT and concrete, soft floors like rubber sports mats, entrance mats and commercial carpet, and even escalators!

One-Pass Cleaning

This low-moisture machine utilizes counter-rotating cylindrical brushes to scrub and lift dirt and water onto a rotating recovery drum, leaving floors clean and dry in no time.

PRODUCT SPECIFICATIONS	
Model	TS050-W18-U
MACHINE DIMENSIONS	
Demensions (LxWxH)	15"x22"x43"
Weight (Lbs.)	68
Solution/Recovery Tank (Gal.)	1/1
DESIGN CHARACTERISTICS	
Tank construction	Polyethylene
Brush Type	2, counter-rotating cylindrical
Brush Width (In.)	18
Brush RPM	650
Cleaning Rate (Sq. Ft./Hr.)	4844
Sound Level dB(A)	71
Cord Length (In.)	40
Brush Motor (W)	1150
Pump Motor (W)	26
Brush Pressure (g/cm2)	170
ACCESSORIES	
Standard Brush (2 included w/ unit)	93216
Soft Brush (2 required)	93217
Hard Brush (2 required)	93218
Escalator Brush (2 required)	93219
Side Brush	93094
Transport Cart	05-4781-0000

Low Moisture

The cylindrical brush technology of the Vortex utilizes 30% less water than disk scrubbers, resulting in cost savings on chemicals and water, and minimizing moisture that leads to mold, bacteria and allergens.

More Scrubbing Power

Increased brush diameter provides 12% more scrubbing power than the original Multiwash for even better cleaning performance.

Low-Profile Design

Compact, low-profile design allows the Vortex to clean hard to reach areas in kitchens, bathrooms and other tight spaces a standard scrubber just can't fit.

Easy to Use

Now with new and improved features including easier to remove solution and recovery tanks, these multi-surface scrubbers are simpler than ever to assemble, use and maintain.

Ergonomic Handle

The wider, more comfortable handle now includes a push button for easier dispensing of the cleaning solution.

Brush Options

Brushes can be easily changed to best suit your floor type; in addition to the standard/all-purpose brushes provided, optional brushes are available for hard floors, soft floors and edge cleaning.
