For the ASPECTA TEN stone range we wanted a suite of color and textural choices varied enough to complement your vision, whatever the project.

Drawing inspiration from unexpected areas, our three tile designs measure 12.54" x 25.15" (320mm x 640mm), combine the very latest innovations, and add a soft, realistic embossing to offer extraordinary visual impact. Something that will not only enhance the appeal of your environment, but is designed to endure and impress for many years to come.
Fulton Hyde delivers a strikingly unique leather patina in two rich tones. Intricate rivulets of wear cracks tell the story of age worn proudly, a well-loved item whose comfort-folds and blemishes are only enhanced by time.

Size: 17.64” x 35.67”/448mm x 906mm
Emboss: Calf Skin
A deceptively rich concrete detail, Urban Grid can enhance most design approaches, offering a versatile, contemporary dimension. The scale of this concrete patterning and the color range provide an expansive foil to any designer.

A clean abstracted Corneto, this stone draws inspiration from a metal so wonderfully corroded by the decades that, once translated into a design, feels so organic it’s hard to believe its origins are not in nature.

Discover ASPECTA® TEN's stunning collection of in-register wood embosses. The ASPECTA® TEN Tile boasts a range of unique embossing techniques: Honed Stone, Calf Skin and Coral.

TALLY OAK – A classic white oak that has been wire brushed, then hand rubbed with tong oil and colored bees wax. The embossing was created to enhance the rich graphic grain pattern of the wood.

URBAN GRID – Urban Grid uses Honed Stone embossing, which is a smooth all-over texture that gives a simple yet elegant surface with a soft lustre.

TANLEY OAK – A traditional oak look with even graining and small, tight cathedrals. The embossing brings out the tried and true character of this design.

FULTON HYDE – The Calf Skin embossing of this design adds an overall texture without being overpowering. It delivers a distinct two-toned leather patina, with cracks and wear that only get better with age.

BRINNELL OAK – Inspired by the mature oak planks found on an old spring house in Wyoming, the embossing captures the fine lines of the wood that years of exposure to the elements create.

CORNETO – The Coral texture of Corneto gives a beautifully smooth texture with a subtle natural stone effect.

RUNYAN OAK – This design evokes the rustic and unyielding character of the old west. The embossing follows the long grain lines of the wood through all its years of growth, combined with the print to create a unique and dramatic effect.

CRESCENT OAK – Rich in depth and variation, the Crescent Oak emboss beautifully complements the reclaimed look of our XXL design. Leaving an authentic finish, even under the closest scrutiny.
