DRIVING INNOVATION FORWARD GOES BIG.

Walk-Forward extractor technology featuring traction drive for greater productivity.

PROFESSIONAL | ARMADA® BRC 45/38 CARPET EXTRACTOR

Manufacturer PDF Provided by www.southeasternequipment.net

SELF-PROPELLED, WALK-FORWARD EXTRACTION PROVIDES GREATER PRODUCTIVITY WHILE REDUCING LABOR COSTS.

Looking for an extractor that will make your cleaning jobs easier and more enjoyable while increasing your productivity? Look no further than the Armada® BRC 45/38 Carpet Extractor! This innovative extractor features walk-forward extraction and an articulating head, making it easy to clean carpets with minimal wasted motion. With its large size, the BRC 45/38 is perfect for cleaning large areas quickly and easily. It also features eco!efficiency Mode for daytime cleaning, LED display for immediate operator feedback, and a cord management system to help keep things organized. Plus, with its tool-free brush and vacuum shoe removal, daily maintenance is a breeze. Get the Armada® BRC 45/38 Carpet Extractor today and see what a difference it can make in your cleaning routine!

1 Walk-forward ergonomics

- A self-contained walk behind extractor with a traction drive motor to allow for forward movement in all conditions
- Steerable extractor head rotates +/- 200° and provides excellent maneuverability in any direction
- Adjust the steering wheel to any operator height for optimum ergonomics

2 Easy maintenance

- The brush and vacuum shoe require no tools for removal to save time during daily cleaning and maintenance
- In line solution filter is easy to access and can be removed with solution in tank

3 Simple controls and LCD displays

- Single dial to select mode of operation is intuitive and makes for easy training
- Check power, solution, brush motor and vacuum motor at a glance
- Screen displays machine status, fault alerts, and service intervals
- LCD display is configured with 4 different languages

4 Real world practicality

- Easily attach accessories like a wand or hand tool for detail cleaning
- Multiple spray jets intended for deep cleaning
- The eco!efficiency mode is quiet and perfect for daytime cleaning
- Our cleaning technology provides a reduction in carpet dry times
- Cord management system keeps cord out of the way during operation

5 Productive interim mode

- Interim encapsulation cleaning technology provides a way to get your carpet cleaner faster with longer lasting results
- Carpets cleaned with interim encapsulating chemical are ready for traffic in approximately 20 minutes
- Interim cleaning process extends the time between scheduled deep extractions saving you time and money
